

# SAKYA CARE FOUNDATION

**Holistic Health Care with  
Compassion, Understanding, and Love**

Dear Philanthropist and Generous Supporter,

Sakya Care Foundation is a 501(c)3 non-profit organization that embarked on its journey since 2012. We write to ask you to support our Third Humanitarian Medical Mission to Vietnam in Jun & July 2018. We are counting on your compassion heart and generous support. We do hope that you will respond positively to our request in order for our mission to be successful.

Our Vietnam Mission this time will have a professional team of 50 members - physicians, optometrists, dentists, pharmacists, nurses, and other general volunteers who sign up and are eager to serve. This year we are going to the rural regions of the Mekong Delta in southern Vietnam, where the majority of people still work in rice fields, the same life that generations of peasant families have been living for centuries. Our goal is to deliver quality medical, dental and vision care to more than 3,000 individuals who have minimal to no medical care access due to the location and/or financial hardship.

Due to high cost of shipping equipments and donated goods, monetary donations are better for this mission. With your donated money, we can buy the necessary supplies like medicines and eyeglasses at a much lower cost in Viet Nam. For example: a \$10 donation can provide medications and vitamins for a malnourished child; a \$20 donation can help reduce cavities and keeping healthy teeth for one individual; or a \$25 donation can give a gift of sight - a pair of glasses. For each individual patient – adult or child - who will have medical check-up by our doctors, we also give a community service “goody bag” that usually comprises of essential necessities like rice, noodles, cooking oil, clothing, book pack, pen & pencils, and money. You can donate \$10 for each of these goody bags.

- For donations, please use your PAYPAL account to give directly on our website: <http://www.sakyacare.org/wp/donation/donate-now/>
- Send us a check payable to Sakya Care Foundation, memo “Vietnam Mission 2018” to P.O. Box 173, Midway City, CA 92655.

Donations help sustain our organization and benefit the community we serve. This mission is impossible without your generosity and your help. Your gift is tax-deductible, and rest assure that 100% of your gift will go directly to the people. We have absolutely no administration cost.

We would like to send our deepest gratitude and sincere appreciation to each and every one of you for your generous donations. We look forward to your compassionate support!

Respectfully,

Ky Nguyen, MD  
Mission Team Director  
SCF Vietnam Medical Mission 2018
